There I've done it again  
This time I can't hide it from my friends  
I guess it's got to be explained  
Although it was my destiny  
Oh I, you have me  
Girl

Wish I knew just where I stood  
I wouldn't cry even though I could  
I guess it's got to be the same  
Although I know I'm the one to blame now  
Oh I, you have me  
Girl, you've got to do it, ah

I said now that I love you now  
She's said no-one like you around now  
Oh, not never again now  
Just myself

So there I've done it again  
I know that this time I can't hide it from you my friend  
How should I know it was got to be the same way  
Although it was my destiny  
Oh, now you have me  
Girl, come out and don't waste time

Said you've got to do it now
