Love is just another word for pain
It's a broken record repeating the same thing
When you want it it's not there
When you have it you don't care
Win or lose it still hurts you in the end
The heart break, the heart ache
It's more than I wanted
We gave up, we made up
it's not like you care
Deception, depression
It's all that I've gotten
But who said love was fair

I've made up my mind
And I'd be better off alone
Love is just a waste of time
All the lonely nights
And all the crushing scenes
And all the pointless fights
Someone tell me what it means
Someone tell me why hearts break
Cause sometimes I think
This thing called love is another word for pain

I'm giving up on happy endings
the ones that are only in movies
Where the guy gets the girl, and everybody's happy
I think that's the way it should be

The heart break, the heart ache
It's more than I wanted
We gave up, we made up
it's not like you care
Deception, depression
It's all that I've gotten
But who said love was fair

I've made up my mind
And I'd be better off alone
Love is just a waste of time
All the lonely nights

And all the crushing scenes
And all the pointless fights
Someone tell me what it means
Someone tell me why hearts break
Cause sometimes I think
This thing called love is another word for pain

Is another word for pain [x2]
