(Verse)

If I would have known it,  
was gonna come down to this.  
I'd take back the first kiss,  
that lead to choking on your fist.

Your heart had been broken,  
mine too then you ripped it wide open.  
Called up your two girlfriends,  
told them hurry up and get your ass over here now!

(Bridge)

Said it won't be long 'til I wish she were dead  
She had no intentions of leaving without taking  
everything.  
First time in years, you didn't lie to me!

(Refrain)

You took my pride, my dreams, my hopes.  
Even my heart when you knew it was broke.  
Every single ounce of integrity,  
you took all of me.  
All of me.

Turned my pockets inside out,  
making sure that without a doubt,  
you had absolutely everything.  
You took all of me.  
All of me.

(Verse 2)

Watching as your leaving,  
thinking that was so unbelieving.  
Now I can start breathing,  
but looks can be deceiving.

She is so cold hearted.  
Sending me a letter regarding,  
the last time we parted,  
said she was only getting started.

(Bridge)

I can't believe she still wants something from me,  
when she left me here with nothing at all.  
How about her paying me,  
for my pain and suffering?

(Refrain)

You took my pride, my dreams, my hopes.  
Even my heart when you knew it was broke.  
Every single ounce of my sanity,  
you took all of me.  
All of me.

Turned my pockets inside out,  
making sure that without a doubt,  
you had absolutely everything.  
You took all of me.  
All of me.

(Verse 3)

Now that it's all over,  
I can feel the weight off of my shoulder.  
Good thing you're a good liar,  
you stole enough of my money to retire.

(Bridge)

I can't believe she still wants something from me,  
when she left me here with nothing at all.  
How about her paying me,  
for my pain and suffering?

(Refrain)

You took my pride, my dreams, my hopes.  
Even my heart when you knew it was broke.  
Every single ounce of integrity,  
you took all of me.  
All of me.

Turned my pockets inside out,  
making sure that without a doubt,  
you had absolutely everything.  
You took all of me.  
All of me.  
All of me.
