(Keith, Hannon, Wheat)

I thought I saw the light, was it real or something I'm  
imagining  
I thought I saw the light, if it was then tell me, did you  
see it too  
Did you see the light, if you did now tell me, could you  
feel it too  
Hey I saw the light, yeah tell me that you saw the light

I don't know why I even do it, all I know is I'm so glad  
We always make it through it, one way or another  
We're gonna make it or break

I got a lot of love for you, I guess that means I got a lot  
to lose  
I got a lot of love for you and only you

I don't know how we even do it, all I know is I'm so glad  
We always make it through it, one more time now baby

Got me two times a wife, just like my mother  
She's there to love and understand  
Got me two times a wife, she really does have a touch  
just like no other hands  
The sparkle in my eye, too many times I left her there  
alone at night  
The way you light up my life, yeah your love is two  
times as nice

I don't know how we make it through it, all I know is I'm  
so glad  
We always seem to do it, one way or another  
We're gonna make it or break

I got a lot of love for you, I guess that means I got a lot  
to lose  
I got a lot of love for you and only you  
I got a lot of love for you, I do, and that's the way it  
should be

I don't know why we even do it, all I know is I'm so glad

We always make it through it, one more time now  
friend

[Solo]

I got alot of love for you, I guess that means I got alot  
to lose

I got alot of love for you and only you and nobody else  
but you

I got alot of love for you, I guess that means I got alot  
to lose

I got alot of love for you and only you and no one else  
but you my friend

Oh, nobody else but you my friend

(I got a lot of love for you) I got a lot, I got a lot, a lot of  
love for you

(I got a lot of love for you) I do, oh I feel I got a lot to  
lose
