Young girl sweet as candy, a-turnin' hearts to stone.
She'll catch a young man's fancy. A-love 'em, leave 'em
alone.

I should-a seen it comin'. She took me for a ride.
Still feel the fire burnin'. That's why I can't...

...Stop.
Can't stop fallin'.
I can't stop.
Can't stop fallin'.
I can't stop fallin' for your love.
Can't stop fallin'. Ah.
I can't stop.
Can't stop fallin'.
I can't win.
For losin'.
I can't stop fallin' for your love.
Can't stop fallin'.
I'm a fool for you.

Lovin' after midnight, a shadow on the run.
By the time ya realize, the damage has been done.
You better keep your distance, if ya know what's good
for you.
Me, I got no resistance. And that's why I can't... (To
Chorus)

Yeah, I'm a fool for you.
I'm a fool for you. Ow!

Little Miss "Cotton Candy" still turnin' hearts to stone.
Candy's fine and dandy, but then, sex don't rot your
teeth
I never seen it comin'. She took by surprise.
Still feed the fire burnin'. That's why I can't... (To
Chorus)

Yeah, I'm a fool for you. Ooh.
I can't stop fallin' for your love.
I can't stop. I can't stop fallin' for your love. Oh. Oh.
