"Change in the Weather"

We're the younger generation,
and we're here to face the day.
Heard all across the nation,
and we got so much to say.
Ready for a change,
ready for a change in the weather. Ooh, yeah!
We will keep the fire burnin'
And this big wheel will keep spinnin'
'round and 'round, and around. Yeah!

We're the children of the sixties.
Watched the seventies go bye.
Now, we made it through the eighties.
My, my how time does fly
Just around the corner is a brand new century

Now we'll keep the fire burnin'
And this old world will keep spinnin'
'round and 'round, and around.

Yes we'll keep the fire burnin'
And this old world will keep turnin'
'round and 'round, and around.
A-turnin' 'round and 'round, yeah.

I think we're ready for a change in the weather.
I think we're ready for a change of scene.
Ready for a change in the weather.
I'm ready for a change for you and me. Ah yeah, yeah.
Ooh.

Really do, I think we're ready for a change in the
weather.
I think we're ready for a change of scene.
Ready for a change in the weather.
I'm ready for a change, change, change for you and
me.

I think we're ready for a change in the weather.
I think we're ready for a change of scene.
Ready for a change in the weather.
I'm ready for a change for you and me!

Just around the corner, oh, is a brand new century.
I'm waitin'.
I'm ready!
(We're ready!)
Yeah!
