Keith, Hannon, Wheat)

I thought I saw the light, was it real or something I'm
imagining
I thought I saw the light, if it was then tell me, did you
see it too
Did you see the light, if you did now tell me, could you
feel it too
Hey I saw the light, yeah tell me that you saw the light

I don't know why I even do it, all I know is I'm so glad
We always make it through it, one way or another
We're gonna make it or break

I got alot of love for you, I guess that means I got alot
to lose
I got alot of love for you and only you

I don't know how we even do it, all I know is I'm so glad
We always make it through it, one more time now baby

Got me two times a wife, just like my mother
She's there to love and understand
Got me two times a wife, she really does have a touch
just like no other hands
The sparkle in my eye, too many times I left her there
alone at night
The way you light up my life, yeah your love is two
times as nice

I don't know how we make it through it, all I know is I'm
so glad
We always seem to do it, one way or another
We're gonna make it or break

I got alot of love for you, I guess that means I got alot
to lose
I got alot of love for you and only you
I got alot of love for you, I do, and that's the way it
should be

I don't know why we even do it, all I know is I'm so glad

We always make it through it, one more time now
friend

(Solo)

I got alot of love for you, I guess that means I got alot
to lose

I got alot of love for you and only you and nobody else
but you

I got alot of love for you, I guess that means I got alot
to lose

I got alot of love for you and only you and no one else
but you my friend

Oh, nobody else but you my friend

(I got a lot of love for you) I got a lot, I got a lot, a lot of
love for you

(I got a lot of love for you) I do, oh I feel I got a lot to
lose
