Stormy night under jet black skies, Billy pulls into town
the thunder rolled and the lightning bolts come
crashin' to the ground

Cold as ice, hard as stone, as he walks into the room
With another man who was feeling the same way, all
hell's breakin' loose

Bang bang, shoot 'em up, bang bang, blow you away

[Chorus:]

It's a showdown in the no man's land, for the cowboy of
the modern day

Come sundown, don't be hangin' round, 'cos the
cowboy'll blow you away

Al Capone and the Bad Boy Jones, on the wrong side of
the law

Johnny D and his company, always first to the draw,

Gangster lean, feelin' so mean, try to take more than
their share

'Cos all they saw was ruling it all, the scent of blood
was in the air

[Chorus]

[Solo]

So here we are and we've come this far, but it's only
getting worse

Foreign lands with their terrorist demands, only cause
the good to hurt

The U.S.A., the U.S.S.R., with their six-guns to their side
I see the message, written on the wall, too much anger
deep inside

Bang bang, shoot 'em up, bang bang, blow you away

[Chorus]

It's a showdown!
