Dear PV Ledbetter, I'm writing you this letter to let you know

That all is well at home and your family's doing fine, they're praying that it's time and soon you'll be coming home

Don't want you to worry, we're so proud of your sacrifice and all your dedications so we can call ourselves the land of the free.

Dear PV Ledbetter, did you get my letter, we haven't heard not one single word, I'm sure it's hard to find the time to drop us a line in your fight for the free we try not to worry, we're so proud of your sacrifice and all for our nation that we call the land of the free.

Dear Mrs Ledbetter, I think you had better be sitting down cause your baby boy's been found and did you receive the email giving you the details, soon he'll be on his way home

Don't want you to worry, you should be proud of your sacrifice and what you've done for our country that we call the land of the free, that we call the land of the free.
