(Keith, Hannon, Skeoch, Wheat)

You don't even know, where I've been or where I'm
coming from, at all

Who was the one who said nothing's impossible, who
was wrong

Who was the one to even say at all, anything is possible

You ask me where I'm going, I don't even know myself
I couldn't say 'cos it's undecided on which way I should
go

I don't know!

I've been invited but I just can't make it

Got too excited and I just can't take it

My fuel ignited, got too excited

I've been invited but I just can't take it no more

[Solo]

How am I to show, what I'm feeling deep down in my
heart, in my soul

No other way but by a miracle - anything's not possible

I don't know where I'm goin', you don't even know
yourself

You couldn't say 'cos it's undecided on which way you
should go

Do you know?

I've been invited but I just can't make it

Got too excited and I just can't take it

My fuel ignited, got too excited, I took the message
celebrating again

I guess it must have been at least an hour or more

I must've had myself some powerful thoughts

I've been invited but I just can't make it

Got too excited and I just can't take anymore

[Solo]

I've been invited but I just can't make it
Got too excited and I just can't take it
My fuel ignited, got too exited
I've been invited but I just can't make it - at all
