Scrolling

Aow

Got me a woman, won't toke about it
Says she doesn't need it, she can do without it
If I try to push it, she'll say shove it
Baby if you tried it maybe you might like it
Even love it

Loosen up
Let's toke it over
Loosen up
Let's toke it over

Always got a problem, she can't lose it
She likes to drive me crazy when she chooses
Baby, if you got it you should use it
Oh, you can play with fire, but just don't abuse it
Just use it

Loosen up
Let's toke it over
Loosen up
Let's toke it over
Loosen up
Loosen up

Let's toke, toke, toke about it
Let's toke, toke, toke about it
Now sticks 'n' stones'll break your bones
A little tokin' never hurt no one
Let's toke, toke, toke about it
Have a toke

I'm a tokin' witchoo
Ah, that feels better now
Let's you feel the groove
Ah, don't stop now

Oh, keep on a ziggin' and a zaggin' all over the place
On the bed, on the floor
But then, who knows baby, maybe if we really like it that

much
Maybe baby, we can do it some more
Aow

Since we had a toke, no doubt about it, ha ha
Baby's feelin' better, can't live without it
Both our hearts on fire, now we're really smokin'
Hmm, all we ever needed was a little tokin'

Let's toke, toke, toke about it
Come on let's toke, toke, toke about it
Now sticks 'n' stones'll break your bones
Little tokin' never hurt no one
Let's toke, toke, toke about it, aow
Have a toke

Have a

Let's toke, toke, toke about it
Come on let's toke, toke, toke about it
Let's toke, toke, toke about it
Let's toke, toke, toke, toke, toke, toke, aow
Toke, toke, toke, toke, toke, toke, toke, toke
Toke it, toke it, toke it, toke it, toke it, toke it, aow
Toke about it for a little bit
Aow
