I don't smoke marihuana, I don't take LSD  
'Cos I'm a country boy from Nashville, with my boots up  
to my knees  
I like to sit around and be lazy, I like to drink a lot of  
beer  
'Cos I'm a country boy from Nashville, with my hair cut  
to my ears  
I'd like to cut the balls of a long-haired hippy, and tie  
them up to a tree  
'Cos I'm a country boy from Nashville, that's Nashville,  
Tennessee  
Well I'm a country boy from Nashville, Tennessee, so  
don't, fuck, with me

That's right, they made me do it  
Well a hail from Oklahoma, and I don't care who you  
be...

You see, we didn't write that song, in case you didn't  
know
