Why you got beef with my click, fuck you punk bitch
And fuck you too, this is l.a. zoo
And we don't give a mad fuck about you sorry ass

Tick tock chrome off that fake gold watch
Faster bastard don't make me have to plaster
Players, get smoked with my bare hands
Got the shit that sway in a wicked way
Like tash and j, motherfuckin ro hoe
Down with e-swift and the alkaholik crew
And to my homies this bud's for you
Who is dem niggas

Verse two: e-swift

Guess who nigga been down evrysince
With the l.a. zoo, my nigga threat, sway, and tense
E motherfuckin swift ohh i, thought you knew
Looted me some glocks in april, ninety-two
But it's a new day, so make way shortie
For the nigge with the brown bag wrapped around the
forty
Hold up, yo, I said hold up, here he come
J motherfuckin ro and he's buzzin off the rum

Verse three: j-ro

Yo it's the j-ro fever, catch it
I'm prone to grab the microphone and get evil and
wreck shit
If I hear, one more, nigga kickin up
Das efx shit, I'm bombin, my style is uncommon
Peep it, keep it in your brain until the next one
My rhyme will lift you up like a muscle when I flex
One, two, three, j-ro is who I be
I got more bone than a cemetary
Ninety-three mandingo, I got my own lingo
My mexican homey, told me never trust a gringo
But I trust no man, I'm chillin like a snowman
I makin lots of dough, and the liks can rip a show and
Freak it, yo e-swift freak it
Won't ya give em up peak after funk when they seek it
I used to walk the block with my pops playin poo-tat
Now they be like who that, and shit how he do that

Chorus: repeat 4x

[oh my gosh, oh my gosh!] -- busta rhymes, scenario
Who dem niggas, who dem niggas

Verse four: tash

Tash on the mic makes niggas play the cheap seats
I rip shit from cali to the valley of the jeep beats
They call me uncle sam cause my skills'll tax all y'all
Call y'all [suckas] cause them niggas need to ball y'all
Rhyme phat pages up and light em wit ya lighter
Mc's keep the gifts that's like flies from a spider
From the pimp slap, light skin, kid that turns the mics
out
Diss y'all, crew then turn around and punch your lights
out
I take to the funk sound man since my pager
I kick the kind of shit that make you want to beat your
bitch up
The nigga, knocker, tipsy off the vodka
Tash on the mic floats like a helicopter
Stop the, presses, the liks rock the freshest
I'm lookin for the bitches in the tight tight dresses
So who them niggas with beats for your ass
The alkaholik crew, peace out, my name is tash

Chorus
