A Message From Poet

"Hello please record a message after the tone"

[Intro: Poet]

Yo, what's the deal, yo whattup Primo, man  
All these niggaz man poppin shit, and shit  
All these niggaz is rich  
Nobody wanna die, nobody really wanna kill eachother  
Anybody just need to fall back, aha  
Cause everybody payin'  
Everybody just need to fall back and do them  
"Yeah y'all, come on!"

[Poet]

Aiiyo Summerjam live, Jigga goin' at Nas  
Yo...what's goin' on with these guys?  
Next thing you know, Nas goin' at Jay  
+Ether+ to the dome tried to blow him away  
Motherfuckers wanna make it to some Queensbridge -  
Marcy shit  
Believe me, New York, we don't wanna spark this shit  
We still be buildin' these women and children  
The whole shit will turn to Ground Zero if we start illin'  
Look at Foxy and Tim what's wrong with them  
Both of them platinum, used to be bitches  
Now they wanna give eachother stitches, damn  
Is that how it is, when niggaz get riches  
You got 50 with Ja, 50 with Jay  
50 with anybody that get in 50 way  
G-Unit, Jadakiss and Beanie  
That's a ill one believe me  
They should take it to T.V  
Cam'ron and Esco who got the best flow  
DMX whoa goin' at ya little bro'  
And the whole Roc-A-Fella wanna get at Jaz-O  
Eminem, come on now that's a no-no  
Disrespectin' your moms we don't play that shit yo  
Even as a crack fiend mama, black queen mama  
You learned Tupac and that's the king of drama  
Dr. Dre should've told ya

But he to busy goin' at Jermaine Dupri to show ya  
But Blaq Poet pull a trigger  
We know you nice for get you white just rep it right  
nigga  
I look over at the westside  
I see Snoop, Suge, Xzibit 'bout to collide  
And make some real nigga wanna cry  
It's like niggaz forgot about Pac and B-I.  
The only way to settle this; battle it out  
1-0-6 in park and leave the gat at the house  
If not ain't no more to be yappin about  
Get back to makin' your joints 'cause that's what rap is  
about  
Yo that shit is weak and all y'all niggaz know it  
You can keep it on to lead it cause it's just A Message  
From Poet  
SAY WHAT  
That shit is weak and all y'all niggaz know it  
You can keep it on to lead it and this is just A Message  
From Poet  
"Yeah y'all come on!"
