I feel like
We have met before
And you said
No
You hear my
Voice inside your head
You see my
Milky silhouette

Back where I live
I travel stars, stars
Take chance to go
For a ride
For a ride to Mars

I'm glad I
Fallen down to Earth
But noone
Knows

You dazed with
Almond-looking eyes
But siren
Cries

Back where I live
I travel stars, stars
Take chance to go
For a ride
For a ride to Mars

My mind is still opened wide
You set me up for your life
They will not take me alive
We travel
With speed of light
