[Female voice]

Blank, baby, you should stop doing what you doing...
I've been watching the news lately and you fucking up...
Baby, you are fucking up, what happened anyway?

[Point Blank]

The shit started out kinda crazy
Trick tried to follow but he didn't know I knew he was
behind me
So I let him think he was tricking me
And blow out his brains when he try to stick a dick in me
Took a left turnk on Salensky
Maybe I kill his bitch ass in back forest elementary
But I kept going till I hit a dead end
Try to figure outer spot I can put his fucking body in
Turned the music off, couldn't hear a sound
Put the car park and rolled my windows down
Fird up a blunt to get movy
Got the carphone, beeped Nip and put the clip in my
Uzi
Bitch run in to the back of my shit
And every bullet shot felt just like I was getting hit
(Was you scared?) Hell no, but I was nervous
Plus mad as fuck cause I just got my car outta service
Now's the time for the Blank show these fools
Going strictly by the rules of the old school
He must of knew he was fucking with a youngsta
But what he didn't know this youngsta be taking his ass
under
So I laid in the car like I was hurten
He put his pistol to my head, oh man, this shit ain't
working
But before he could unload his clip
Boom, boom, boom, why the fuck you thought I beeped
Nip?

I hate the whole fucking world so the world better hate
me...

"Nigga, I hate you..."

"Fuck you...Nigga!"

I hate the whole fucking world so the world better hate

me...

"Nigga, I hate you..."

"Fuck you...Nigga!"

[Point Blank]

Got my ass out the car sweat dripping

Another murder case just took place, now I got Nip
tripping

Asking me what the fuck was going down

But I was still putting holes in the body on the ground

Now, you really think I felt for that shit?

(What's ya name, nigga?) Save that, you know my
name, bitch

Took a step back so I can peep the situation

Grabbed my shit, got in the car to complete the
assassination

On my way to the spot I got scoped

And I ain't got all my senses cause now I'm full of dope

But I can't blame my mind while I creeped

Cause I ain't been to be the nigga that get put to sleep

So I put the silencer on the 9 double-M

'E' came outta nowhere screaming:

(Blank, don't shoot! That's the wrong nigga in the
truck!)

I had an expression on my face like you really think I
give a fuck

Shot him six times in a neck

Should've shot him in the head but that's what they
expect me to do

Damn fool, I'ma get atcha

And if they not satisfied they can bury me witcha...

I hate the whole fucking world so the world better hate
me...

"Nigga, I hate you..."

"Fuck you...Nigga!"

I hate the whole fucking world so the world better hate
me...

"Nigga, I hate you..."

"Fuck you...Nigga!"

Look out for Point Blank, here him come, here him
come
Get you mind slipping, drop down like a bomb
Shoot one man, you must murder everyone
There's twenty million man in the Coalition
Me thoughts get me lead to a rowdy gun, gun
South Park plus me brain, it was mental Vietnam
K-Rino, me am the father and me Black Book the son
South Park Coalition is a Wreckless Klan...
