Watch Ingar play in the yard and let her stay

It's just her way of reflection and make the day

She sometimes finds that parents always want her do
those boring things

That couldn't ever please her mind

Then she hides her angry face while demonstrating

To rearrange her room was wasting time

Watch Ingar play in the yard and let her stay

It's just her way of reflection and make the day

On a sunny afternoon she likes to pick up

Some flowers to arrange them in a vase

She presents it to her mummy who is smiling

Then lay down on a blanket in the grass

Watch Ingar play in the yard and let her stay

It's just her way of reflection and make the day

Since many years we got a cat who loves her madly

And follows her with ev'ry step she takes

And when they're playing on the lawn it looks so funny

Who's cat and who is mouse you cannot say

Watch Ingar play in the yard and let her stay

It's just her way of reflection and make the day

Now that girl she has grown up a little lady

The words I wrote are memories today

But I only have to close my eyes for moments

It seems to me it was just yesterday

Watch Ingar play in the yard and let her stay

It's just her way of reflection and make the day
