You can go now, I'll stay behind, you never noticed
anyway
But if I told you what's on my mind, you'd think it was a
waste of
time
Let me lay it right on the line, I'll be a stranger anyday
It's all so loveless, all such a crime, I'll make it's all a
waste of
time
(Solo)
Stealing, dealing, little one, you'd like to have more
than I make
More than I make!

You think you deserve the best, wining, dining, give me
a break
Give me a break!
You taught me, I tell you, you taught me, I tell you
You taught me, I tell you, you taught me, I tell you
(Solo)
When it's over, who will we blame, you're telling me,
I'm telling you
You can go now, I'll stay behind, but honey, please,
don't waste my
time
