no you didn't just leave  
i actually kicked you out  
i couldn't hardly believe  
that the words came out my mouth  
you couldn't hardly believe  
what you heard yourself discuss  
as you packed up all your things  
and you said goodbye to us

tell me, what is in the way  
in the way of my love for you?  
there's somethin in the way  
in the way of my love

so now there's nothing left to lose  
and the screen just says fini  
each night in separate rooms  
we cry separately  
and every day we yell  
down each other's holes  
two slippery strippers  
swinging round two poles

tell me, what is in the way  
in the way of my love for you?  
what is in the way  
in the way of my love  
i gotta get it out the way  
out the way of my love for you  
there's something in the way  
in the way of my love

we took down all the pictures  
then we took down all the walls  
packed up our expectations  
piled em up in the hall  
we bagged our future  
and kicked it to the curb  
then we stood there unencumbered  
and we stood there undeterred  
cuz we were done clinging  
to the things

we were afraid to lose  
and the only thing left  
was a breathtaking view  
and you looked at me  
and i looked at you  
and you said  
how bout now, baby  
now what you wanna do?

now there's nothing in the way  
in the way of my love for you  
no, there's nothing in the way  
in the way of my love  
i had to get it out the way  
out the way of my love for you  
there was something in the way  
in the way of my love

no you didn't just leave
