in a coffee shop in a city  
which is every coffee shop  
in every city  
on a day which is every day  
i pick up a magazine  
which is every magazine  
and read a story then forgot it right away

they say goldfish got no memory  
i guess their lives are much like mine  
the little plastic castle  
is a surprise every time  
it's hard to say if they are happy  
when they don't seem much to mind

from the shape of your shaved head  
i recognized your silhouette  
as you stepped in out of the sun and sat down  
your sleepy smile eclipsed everyone else in the room  
as they paused to sneer at the girls from out of town

i said, "Baby, look at you this morning  
you are so way the fucking cutest

be careful getting coffee  
i think these people want to shoot us  
i think there's some kind of competition here

to see who can be the rudest

people talk about my image  
like i come in two dimensions  
like lipstick is a sign of my declining mind  
like what i happen to be wearing the day  
that someone takes my picture  
is my new statement for all womankind

i wish they could see us now  
in leather bras and rubber shorts  
like some ridiculous team uniform  
for some ridiculous new sport  
quick someone call the girl police

and file a report

in a coffe shop in a city  
which is every coffee shop  
in every city  
on a day which is every day
