I know I've seen you around  
You can't forget that hair  
But I didn't hear you come in  
How long have you been sitting there  
You know you can tell me anything  
I promise I don't scare  
Let's only ever be allies even if the whole background  
dissolves  
And little pink hearts can pop over our heads but we'll  
keep our cool

You know I have enjoyed my life  
It's been exciting  
And I've become more peaceful  
No more fighting  
And I ain't gonna waste your time  
Runnin' and riding  
Round and round center bound the grooves on an old  
lp  
Nibbled by minnows and licked by a salty sea  
And I gotta say I'm amazed not in a good way  
At how much I don't remember  
I just gotta hope goin' slow it's all part of what I know  
And the facts are pretend anyway  
Yeah the facts are pretend anyway

I know I've seen you around  
Always in that uniform  
Pirate hat, just a little stained  
Sword just a little worn  
You know you can tell me anything  
I'm not just tooting my own horn  
Let's only ever be allies even if the whole background  
dissolves  
And little pink hearts can pop over our heads but we'll  
keep our cool

Baby teach me to unworry  
I will teach you to unhide  
In a city where they don't need x-rays  
To see each other's insides  
Under a big old oak tree

Synchronicities gathering tide  
Round and round center bound the grooves on an old  
lp  
Nibbled by minnows and licked by a salty sea  
And I gotta say I'm amazed not in a good way  
At how much I don't remember  
I just gotta hope goin' slow is all part of what I know  
And the facts are pretend anyway  
Yeah the facts are pretend anyway  
Yeah the facts are pretend anyway
