Something kinda smooth, on the mellow tip  
Seeking deeper and deeper, you just might slip  
Into a trance, mind going slow  
Didn't wanna curse so they'll pump it on the radio  
Called up Banks on the GTE mobil  
Well it's about 9:00, yo Ant I'll be over  
Searching through some records from way back when  
Found something smooth, and yo Ant give it a spin  
Thought of something cool, rhymes definitely pumpin'  
Bassline groove and kick drum thumpin'  
Using my mind like a Webster encyclopedia  
Pooh-Man is selling out and this is for the media  
A little something, from the Mack to the Oaktown  
To the papers who keep putting our names down  
Short Short but Funky, Dangerous Dame  
En Vogue and the Toni's just to add some names  
Can't forget Pebbles, Sly and Larry Graham  
And yours truly, MC Pooh-Man  
Oaktown is on the rise, and I knew you'd ever see  
We just funky as ahhhhh, we wanna be

First rhyme, just on the PG  
Going through history and fools can't get with me  
Looking fake, perpetrating rappers every day  
Misguided brothers without nothing to say  
All kind of critic say we diss mentality  
But don't they know that "Rated R" is "Reality?"  
My other homeboy said "Kill At Will"  
That's the way we live and we know it's real  
My boy from the east said "Fear of a Black Planet"  
I know a certain race that couldn't understand it  
To see a black man clocking fat grands  
To a grafted devil, it's hard to understand  
But I'm an artist, begging your pardon  
Used to be small, but my pockets are enlarging  
Straight from the streets, I use game as a weapon  
You ask "What is game?" But fool keep stepping  
But I'm a keep rolling, Ant Banks and me  
And I'm a come, Funky as I Wanna Be

Rap's going, I be flowing something different

Something mellow, cool with an accent  
Kind of tender like Ant Banks' girlfriend  
I changed the style, something they couldn't  
comprehend  
Ant said "Pooh, let's make it kind of serious"  
Not funny, just to make the money  
Say I'm a pro and I can flow with the best of 'em  
Then say "I be damn" to the rest of 'em  
See you're caught up in my rapture cause it's been so  
long  
Let me stop using the bitches' songs  
Baby don't like rap, but I like soul  
She might listen to my lyrics and lose control  
See I'm hard as hell and it could ever be  
See I'm F-U-N-K-Y as I wanna be
