It found us
It drowned us
It's not us it's the world around us

Get ready
For this tip off
Get ready it's the great big rip-off

It's not dirty it's clean
It's not you who told me
Let's let the world around us
Take the blame for everything

Work is a four letter word
And I'm trying
It's sad it's true that sex sells
And I'm buying

Big rip off, big rip off
Get ready it's the great big rip-off
Big rip off, big rip off
Get ready it's the great big rip-off

And you get nothing for free
Darling you can have me
Let's let the world around us
Take the blame for everything

And I will trying anything twice
Why bother?
And if it's especially nice
Maybe another

Big rip off, big rip off
Get ready it's the great big rip-off
Big rip off, big rip off
Get ready it's the great big rip-off

It's not dirty it's clean
It's not you who told me
Let's let the world around us

Take the blame for everything

Big rip off, the big rip off

Get ready it's the great big rip-off

Big rip off, the big rip off

Get ready it's the great big rip-off [x4]
