Cast before my eyes deceive me  
A vision of my life  
Cannot seem to help myself  
The helpless won't survive  
Free us from the beds of hell  
Heavens over thrown  
The ruler of the realm is seen  
In evil and of sorrow

Blessed is the strength of man  
Imbedded life entombed  
Blessed is the strength of man  
Feeding off the sickened hands  
Of man and his abuse

Save you save me  
Help us, I'm so afraid  
Help you help me  
Save us, and everybody!

I first started thinking I was insane  
Tried to talk but could not really say  
I turned my pressure into the pain  
Let reality slip away!

I have to face my punishment  
My sins I will repent!

As I look to the heavens above  
Reach for the sky to be touched by the love!

Cast before my eyes deceive me  
A vision of my life  
Cannot seem to help myself  
The helpless won't survive  
Blessed is the strength of man  
Imbedded life entombed  
Feeding off the sickened hands  
Of man and his abuse

Save you save me

Help us, I'm so afraid  
Help you help me  
Save us, and everybody!

I'm so afraid
