I'm running 'round in circles  
Trying to find some peace of mind  
Cause it's a lonely place when  
All the we need we cannot find  
Wait, wait cause I don't wanna be lost  
Wait, wait cause I don't wanna be lost  
And I don't wanna be the one to drag you down

Wait  
For a new day, for a new year  
I'll be standing on my own  
In a new place, with my hands out  
Looking for the answers

It's such a sweet solution  
To close our eyes and walk in line  
And all our contributions  
Just seem to fade away with time  
Wait, wait cause I don't wanna be lost  
Wait, wait cause I don't wanna be lost  
And I don't wanna be the one to drag you down

Wait  
For a new day, for a new year  
I'll be standing on my own  
In a new place, with my hands out  
Looking for the answers

Wait  
For a new day, for a new year  
I'll be standing on my own  
In a new place, with my hands out  
Looking for the answers

I cant stand here, waiting  
With my hands out, for the ceiling  
But I won't lie, I won't try  
I can't walk such a straight line  
And these bright lights, surround me  
People are so friendly  
But I won't lie, I won't try  
I can't pretend that it's alright, no

Wait  
For a new day, for a new year  
I'll be standing on my own  
In a new place, with my hands out  
Looking for the answers
