I don't wanna be the one
I don't wanna be the one who tells you
That I don't know what I've become
Or what I want to be

I know I'm always on the run
I'm always searching for the final moment
I don't know that it will come
Yes, I will be free
I will be free

Every little thing I promised you
I'll make it come true
I'm not ready to stop
What is Love?
Little pieces of the sun
It's bound to touch you
If your ready or not

It's getting harder everyday
As I listen to the converstations
I'm getting tired of this place
And I need to go
I need to go, whoa whoa

Every little thing I promised you
I'll make it come true
I'm not ready to stop
What is Love?
Little pieces of the sun
It's bound to touch you
If your ready or not

All along I've tried to hide
Afraid that you would see right through me
All the pain and tears I've cried
I've never really told the story
Nothing's left to lose this time
I'm getting out
The game is ending
Promise me at least you'll try

To do the same and leave with me oh

Every little thing I promised you
I'll make it come true
I'm not ready to stop
What is Love?
Little pieces of the sun
It's bound to touch you
Bound to touch you

To touch you
To touch you
To touchyou
Bound to touch you

To Touch you
To touch you
To touch you
Bound to touch you
