I'm gonna take you  
To a place far from here  
No one will see us  
Watch the pain as it disappears

No time for anger  
No time for despair  
Won't you come with me  
There's room for us there

This innocent beauty  
My words can't describe  
This rebirth to purity  
Brings a sullen tear right to your eyes

No time for anger  
No time for despair  
Please let me take you  
'Cause I'm already there

I'm so alone  
My head's my home  
I'll return to serenity

Rhyme without reason  
Is why children cry  
They see through the system  
That's breeding them just so they die

So please let me take you  
And I'll show you the truth  
Inside my reality  
We shared in my youth

I'm so alone  
My head's my home  
And I feel  
So alone  
You know  
At last  
I return to serenity

Now that I've taken you  
To a place far from here  
I really must go back  
Close your eyes and we'll disappear

Won't you come with me  
Salvation we'll share  
Inside of my head now  
There's room for us there
