A Vigilant Forest is my destination
A Vigilant Forest is iron and steel
You don't want to sleep and don't want to be a slave
here
But a Vigilant Forest is real

The buildings are higher than mountains
The skyscrapers are everywhere
I feel the smell of the money, the cars and the dust

A Vigilant Forest is my destination
A Vigilant Forest is iron and steel
You don't want to sleep and don't want to be a slave
here
But a Vigilant Forest is real

You are a pawn of this unfair game
And everyone wants to use you
Don't trust anybody because you will lose everything

A Vigilant Forest is my destination
A Vigilant Forest is iron and steel
You don't want to sleep and don't want to be a slave
here
But a Vigilant Forest is real

Just weakness! Just evil!
Just danger! Just fear!
Just weakness! Just evil!
Just danger! Just fear!
Just weakness! Just evil!
Just danger! Just fear!
Just weakness! Just evil!
Just danger! Just fear!
