SEVEN DAYS OF MAY

----- Testament

Put your life on the line

To hesitate is a waste of time

No giving in to repent

unto the system of government

It's called the People's Republic here

The propaganda so sincere

Oh, what a joke and blatant lie

from criminals ranking high

Chorus:

Born a political prisoner

Raised outside of the law

I'm gonna keep on fighting

until I die for a cause

Put an end to hypocrisy

Lead the way to Democracy

No longer will we play the fool

to brutalized military rule

They started forty years ago

We never could say yes or no

Million souls make our voice

We want the right to make a choice

Chorus:

Freedom, freedom calling

out from the pain

Freedom, freedom falling

seven days of May

They tried to show a peaceful path

then it turned into a blood bath

In the Square they plan the game

That's when the tanks of the army came.

They called the murders minimal

Described their victims as criminals

Dead souls like you and me

who only wanted free society

Chorus
