Lyrics: Billy, James

Music: Peterson

Trapped in a nightmare

Prisoners of warfare

Days gone become years

Of suffering...

Fight on but what's to gain ?

Misfortune leads to pain...

Fearless they won't die

Caged in they ask why

Cry out but don't cry

In agony...

Live on but what's to gain ?

Die slowly everyday

Misfortune leads to pain

Will they ever be saved

>From agony

Agony

Agony ?

In silent suffering

It's never ending
They pray to end their
Misery...
Fight on but what's to gain ?
Die slowly everyday
Misfortune leads to pain
Will they ever be saved
>From agony
Agony
Agony
Agony ?
Missing in action
Never forgotten
America the mighty
Set them free...
Fight on but what's to gain ?
Die slowly everyday
Misfortune leads to pain
Will they ever be saved
>From agony
Agony
