Promises you never meant to keep  
What I thought we had was love  
Used to say I was the only one  
How could I be so wrong?

When you chose me to be the one  
Our life together has not begun  
Manipulation, presume control  
The lights are broken inside my soul

Overcome by the emptiness  
Delusions of true love  
Cast into the very dark abyss  
Crest fallen and undone

When you chose me to be the one  
You broke my spirit, we can't go on  
Insinuation, it takes it's toll  
The lights are broken inside my soul

Now I have my reason to  
Turn my back on you  
Now I don't believe in you  
Love lies bleeding through

Everything that meant so much to me  
I left it all for love  
I gave you all I had to give  
But it wasn't good enough

Thought I loved you  
But it's too late  
You said you loved me  
But now I hate

Dead and buried  
Let's fill the hole  
The lights are broken inside my soul

Now I have my reason to  
Turn my back on you  
Now I don't believe in you

Love lies bleeding through

I can't get away  
I hope you suffer  
I won't let love ever drive me insane

Unleash the pain  
Laugh as you suffer  
You turned our love into my ugly shame

Sick of your ways  
Sick of the future  
I take my life back to live it my way

Just walk away  
Leave me forever  
You can't erase all the damage you've done...
