Fuel the fire for war  
It's man against mankind  
Bruises that they bear  
Been beaten down with time

Innocent people suffer the loss  
Your broken hope so close to the cross  
Sometimes you just don't know  
How low...how low you can, go...  
So low it's sickening  
Low...low...show some mercy...

Hey you piece of shit  
Just leave the kids alone  
Why can't you bear  
The things that we endure  
Innocent people suffer the loss  
Lost hope with faith to the cross  
Sometimes you just don't know  
How low...how low you can go  
Show some sympathy  
Low...low...show some mercy

I don't like you for your warped demeted ways  
I hope they lock you down so you never get away  
Low...low...show some sympathy  
Low...low...show some mercy...
