You think your life's so grand  
You don't believe a word you say  
Your feet aren't on the ground  
You let your life just slip away  
Just so uncertain of your body and your soul  
The promises you make your mind go blank  
And then you lose control, then you lose control!

I never was the one, the one to say  
The things you say  
Never seem to wonder what you say  
You think you've got your life completely in control  
You've got a lot to learn, the bridge you burned  
It's gonna take it's toll!!! pay the burnt bridge toll!!!

So practice what you preach!  
Practice what you preach!  
Practice what you preach!  
Practice what you preach!

You think your life's so grand  
You don't believe a word you say  
Your feet aren't on the ground  
You let your life just slip away  
Just so uncertain of your body and your soul  
The promises you make your mind goes blank  
And then you lose control  
Pay the burnt bridge toll, then you lose control  
Pay the burnt bridge toll, so practice what you preach!

Practice what you preach!  
Practice what you preach!  
Practice what you preach!
