Lyrics: Billy, Peterson, James

Music: Skolnick, Peterson

I didn't mean to offend you

But you were way out of line

And I can't help the way I feel

Who sad I feel fine ?

I'll only give you one warning

Then you must realize

The day of judgement is closing in

Your selfish ways bring your demise

He who lies

Evil pays

Who are you ?

Who made you anyway ?

Wrong or right

Who's to say

I wanna know

Who made you God today

Slave to the ways of the system

Soon to be crucified

I've seen into your darkest fears

The ones you cannot hide

I know where you go when

Your fears start showing

You run

You cannot hide

Will they respect you when

You ask of the world

"Forgive me for so many lies" ?

Is there a need to pretend

To be a man, so divine

And even if I offended you

My truth you can't deny

I know where you go when

Your fears start showing

You run

You cannot hide

Will they respect you when

You ask of the world

"Forgive me for so many lies
