I didn't mean to offend you  
But you were way out of line  
When I can't help this way I feel  
Who said I feelin' fine?

I'll only give you one warning  
Then you must realize  
The day of judgment is closing in  
Your selfish ways brings your demise

He who lies  
Evil pays  
Who are you?  
Who made you anyway?

Wrong or right  
Who's to say  
I wanna know  
Who made you God today

Slave to the ways of the system  
Soon to be crucified  
Well, I've seen into your darkest fears  
The ones you cannot hide

I know where you go when your fears start showing  
You run, you cannot hide  
Will they respect you when you ask of the world  
Forgive me for so many lies?

He who lies  
Evil pays  
Who are you?  
Who made you anyway?

Wrong or right  
Who's to say  
I wanna know  
Who made you God today

Is there a need to pretend to  
Oh, be a man, so divine

And even if I offended you  
My truth you can't deny

I know where do you go when your fears start showing  
You run, you cannot hide  
Will they respect you when you ask of the world  
Forgive me for so many lies?

He who lies  
Evil pays  
Who are you?  
Who made you anyway?

Wrong or right  
Who's to say  
I wanna know  
Who made you God today

He who lies  
[Incomprehensible]
