No I'm not one to say
Where my feelings are going when they wither away
I pray to see another day

My heart's feeling like a needle lost in the hay
Restrained to meet again
My friend do you think that we ever will? I know we are
free

The games are played with your life on the line
Some lose, you win if you keep on trying
I don't mind doing the time, I'm happier being alive

Now I know the means to my oppression are all lies
The only truth is your own most sacred lesson I'd ever
learned
I know we are free

Yeah
Don't go no
No don't go back, just realize

I've been robbed, I've been fooled
I intend now to make my own rules
Dagger's edge cut the line, I've been down that road
Too many times

What's to fear, fear no more
Show my conscience what fear's for
Now I know this is so real
What's done is done so do as you will

I'm keeping alive
Go on, no don't look back
Just realize where you've gone

Where are you going to?
No life's not done with you
You've only just begun, to live your life for you
