Lyrics: Billy, Peterson, Skolnick, James

Music: Peterson, Skolnick

Say hello again, my friends

I've got to go

The ritual calls to me

Screams twist in harmony

Blinding lights reveal

Thoughts that should not be

The ritual calls to me

Silent insanity

You really thought you'd never

Be the one who bleeds

It's all so clear to me now

Why can't they see ?

Revelations breaking through

The truth distorts

Untimely accident

Your precious mind is lost

Try to regain again my friend

Your sanity

The ritual calls to me
Melodic agony
You really never thought you would never
Be the one who bleeds
It's all so clear to me now
Why they can't see ?
Fry away your mind
Walk behind the blind
Kill yourself killing time
Oooh, what'cha gonna do
When your life is sold
To a world so cold ?
Hey, what'cha gonna say
When you're on your way
On your darkest day ?
Hey
Darkest day
Say goodbye again, my friends
I'm coming home
The ritual calls to me
Distant reality
Unseen images expose
What I can't see
The ritual calls to me
Won't ever set me free

You really thought you'd never

Be the one who bleeds

It's all so clear to me now

Why can't you see ?

Fry away your mind

Walk behind the blind

Kill yourself killing time
