Say hello again, my friends  
I've got to go  
The ritual calls to me  
Screams twist in harmony

Blinding lights reveal  
Thoughts that should not be  
The ritual calls to me  
Silent insanity

You really thought you'd never  
Be the one who bleeds  
It's all so clear to me now  
Why can't they see ?

Revelations breaking through  
The truth distorts  
Untimely accident  
Your precious mind is lost

Try to regain again my friend  
Your sanity  
The ritual calls to me  
Melodic agony

You really never thought you would never  
Be the one who bleeds  
It's all so clear to me now  
Why they can't see ?

Fry away your mind  
Walk behind the blind  
Kill yourself killing time  
Ooh, what'cha gonna do  
When your life is sold  
To a world so cold ?

Hey, what'cha gonna say  
When you're on your way  
On your darkest day ?

Hey

Darkest day

Say goodbye again, my friends  
I'm coming home  
The ritual calls to me  
Distant reality

Unseen images expose  
What I can't see  
The ritual calls to me  
Won't ever set me free

You really thought you'd never  
Be the one who bleeds  
It's all so clear to me now  
Why can't you see ?  
Fry away your mind  
Walk behind the blind  
Kill yourself killing time
