Do you believe in the darkness below  
Well I can summon them up

If you really want to know  
As I tow the line  
Between bad and evil  
Nothing can touch me now  
True believer

Born in sin where I pledge my evil oath  
Violence is golden now

Did you really want to go  
As I draw the line  
Between bad and evil  
Nothing can touch me now  
True believer

True believer  
Nothing can touch me now  
Nothing can touch me now  
True believer

No use in praying forever shall I roam  
Smoke dusted angels now

It's the only way I know  
As I cross the line  
Between bad and evil  
Nothing can touch me now  
True believer

Ash to ash dust to dust  
All I ever wanted was power of the blood  
Now look what I have done  
What I have become  
I'm the chosen one  
Never gonna take me  
Never gonna change me  
Never gonna escape me now

Do you believe there is evil in my soul

One final high is the way

That I really want to go  
As I cross the line  
Between bad and evil  
Nothing can touch me now  
True believer

True believer  
Nothing can ever touch me now
