Handicap society hands the judgment with destructive  
sobriety  
Human race races like a blind man with scissors in his  
hands

She rides again to city of dead  
Trail of blind men leads to the edge  
Devil ridden death wagon in speed  
She grinds the belly of the beast

We're zombies of once great descendants of primate  
idols

The army of evil marches through our veins  
With the speed of darkness we destroy what remains  
The image of god washed trough the drains  
With the course we've taken - the devil should reign

We're the children of chaos and mayhem born to raise  
hell  
We're the scum of the earth as far as I can tell,

She rides again to the city of dead  
Trail of blind men leads to the edge  
Devil ridden death wagon in speed  
She grinds the belly of the beast

We're the demons in your hearts, we're the ones torn  
apart

The army of evil marches through our veins  
With the speed of darkness we destroy what remains  
The image of god washed trough the drains  
With the course we've taken - the devil should reign
