Eyes burning in dark
Mercy has left the heart
Like the blood coils the corpse
Casket sealed and tarred
Vengeance enclosed
In this stone cold grave

I haven't found
The peace within
Within the grave

Wake up six feet under
With a concrete heart
Restless like a thunder
Death is only the start

Face frozen in scream
Like in a restless dream
Claw marks in wooden pillow
The soil in your mouth
Last breath pulled out
Like the red string of life

Now you will see
You will see the way
The way of the death

Wake up six feet under
With a concrete heart
Restless like a thunder
Death is only the start
Wake up six feet under
With a concrete heart
Restless like a thunder
Death is only the start

Wake up six feet under
With a concrete heart
Restless like a thunder
Death is only the start
Wake up six feet under

With a concrete heart
Restless like a thunder
Death is only the start
