When I'm lost
You take my hand and make me burn
All of the time
Turn my life around
I feel lost, take my life and make me shine
You feel life, life won't let you down
With the love we take
Have I ever let you down?
Travel round and see the world
Is there something I should find?
And I dream
Nothing I can find
And I dream
Nothing I can find
So to life
Let me whisper in your ear
Say the words
I'm what you long to hear
And a place we can go to is in my mind
I love life, there's no way you can be mine
With the love we take
Have I ever let you down?
Travel round and see the world
Is there something I should find?
And I dream
Nothing I can find
And I dream
Nothing I can find
You buy a diamond for my throne
Then comes a penthouse, on a hill
but my need to dream will still go on and on
All of the time
All of the time
All of the time
And I dream
Nothing I can find
And I dream
Nothing I can find
You buy a diamond for my throne
Then comes a penthouse, on a hill
but my need to dream will still go on and on
You buy a diamond for my throne

Then comes a penthouse, on a hill
but my need to dream will still go on and on
You buy a diamond for my throne
The comes a penthouse, on a hill
but my need to dream will still go on and on
