Believe in
In what I'm sayin'
It's so much harder
When it's you, who is listenin'

When I see suspicion in your eyes
You know it hurts me
It turns my head around
No words could explain

You've got to have faith in me
You've nothing left to lose
You've got to have faith in me
You've nothing left to lose
I'm gonna prove myself true to you, somehow
Have faith
(Have faith)

Deceiving
Deceiving only you
Why should I care
When it means nothing to you?

When I see life coming closer
I turn and pray
Was it all in vain
Will my world change

You've got to have faith in me
You've nothing left to lose
You've got to have faith in me
You've nothing left to lose
I'm gonna prove myself true to you, somehow
Have faith
(Have faith)

Ohh, pleasing you has proven to be
To be my weakest link, yeah
But if I change no place is safe
Safe from a piece of mind

You've got to have faith in me

You've nothing left to lose
Please have faith in me
You've nothing left to lose
You've got to have faith in me
Please

I'm gonna prove myself true to you, somehow
Have faith
(Have faith)
You've got to have faith in me
Please
You've got to have faith in me
You've nothing left to lose
You've got to have faith in me
