I've looked down the saddest city lane  
I've looked at the people with faces of pain  
I can't forget it  
I can't forget it

I looked int your eyes  
You think it just a game  
Them faces keep on looking, but it's all in vain  
I can't forget it  
I can't forget it

Fight the feeling  
Show me your strength  
Fight the feeling  
You've got to fight to the end

You keep telling me my mind is too cruel  
But I can't help it if I live by these rules  
You'll never change them  
You'll never change them

You took me for a fool and read my thoughts  
You never realised that I couldn't be bought  
I can't forget it  
You will regret it

Fight the feeling  
Show me your strength  
Fight the feeling  
You've got to fight to the end

Fight the feeling  
Show me your strength  
Fight the feeling  
You've got to fight to the end

You can only push me so far  
Before I can't take no more  
I've made the vow  
You've lost me now  
Don't push me so far

Fight the feeling  
Show me your strength  
Fight the feeling  
You've got to fight to the end

Come on fight the feeling  
Show me your strength  
Come on fight the feeling  
You've got to fight to the end

You've lost me now  
Don't push me so far  
Show me your strength  
You've got to fight to the end  
Come on, fight the feeling
