Saw him today at the station
There's something on his mind
I felt I was on the Devil's mission
Tryin' to steal him from a friend

I know it hurts you and you can't ask why
I know it hurts you to pretend to cry

Your only future is promises
For so many years
Your only future is promises
I know you can make it if you try

You've been livin' life in the past
I'm gonna reach out, I'm gonna grab your heart
You've been livin' life in the eyes of stranger
You've gotta feel mine 'cause I want to get nearer

I know it hurts you and you can't ask why
I know it's hurts you to pretend to cry

Your only future is promises
For so many years
Your only future is promises
I know you can make it if you try
Uh, hoo

Take the chance and make the move
But don't think that I will refuse
For once I've finally realized
Being with her wasted your life

Your only future is promises
For so many years
Hey, your only future is promises
I know you can make it
I know you can make it if you try
Yeah, if you try

If you try
Your only future is promises
If you try

Your only future is promises
If you try
Your only future is promises
If you try
Your only future is promises
If you try
Your only future is promises
If you try
Your only future is promises
If you try
Your only future is promises
