Take me down  
Pull up beside me and lay me on the ground  
We could lie  
Come slip inside me, we'll watch her pass us by

No need to take it slow  
Now you've been down below  
What's going on, I wonder?

I know you made your day  
I know you want to play  
'Cause I can taste your hunger

Yeah, getting down tonight  
Let's take it farther, well, let's move on outside  
Yeah, getting down tonight  
I want no other, you know that this feels so right

Upside down  
We're breathing deeply, oh God, I love that sound  
Don't be shy  
Let's move together until we're satisfied

No need to take it slow  
Now you've been down below  
What's going on, I wonder?

I know you made your day  
I know you want to play  
'Cause I can taste your hunger

Yeah, getting down tonight  
Let's take it farther, well, let's move on outside  
Yeah, getting down tonight  
I want no other, you know that this feels so right

Yeah, getting down tonight  
Let's take it farther, well, let's move on outside  
Yeah, getting down tonight  
I want no other, you know that this feels so right

Don't say that you love me

Don't say that you care  
Don't go dreaming of me  
It's only an affair

I know I really must confess  
(Don't say that you love me)  
It seems the same, it seems the same, it's all the same  
to me  
(Don't say that you love me)

I know I really must confess  
(Don't say that you love me)  
I love your game, I love your game, I love your game  
and ooh  
(It's only an affair)

I want no other, you know this feels so right

Yeah, getting down tonight  
Let's take it farther, well, let's move on outside  
Yeah, getting down tonight  
I want no other, you know that this feels so right

Yeah, getting down tonight  
Let's take it farther, well, let's move on outside  
Yeah, getting down tonight  
I want no other, you know that this feels so right

Yeah, getting down tonight  
Let's take it farther, well, let's move on outside  
Yeah, getting down tonight  
I want no other, you know that this feels so right
