"Hear Me Now"

Where were you when the lights went out
I ask you this in your defense
You fell for a river when all you wanted was a drink
To me that never made much sense

Hear me now with every word I breath
Believe in me if you can
Hear me now like a long lost friend
Believe in me if you can

I live my life to the full each day
?Cause I'm scared of not being alive
And all that I'm wanting is the same for you
Don't wanna tell you any lies

To all those people that I've never known
You know I could do untold harm
So find me a witness who can justify a reason
Let them come and raise their hand

Hear me now with every word I breath
Believe in me if you can
Hear me now like a long lost friend
Believe in me if you can
