Now we've traveled far  
But are we any nearer  
There's a feeling we're reaching for  
In the fields where it all began

Listen, do you hear  
I thought I heard a promise  
But that empty feeling grows  
And I'm scared that I would forget

But I, I can remember  
Look around you now  
There's people still hanging on  
See, it's me, I'm the one

Believe in me, I've just begun  
We'll be here when the lights come on  
When it all comes down to  
Me and you

Just a boy and girl  
Trying to change a cold world  
I don't expect that you'd understand  
When you look at this empty land

But I, I can remember  
Look around you now  
The people still hanging on  
And I, I can remember them  
Be it night or day like lovers left holding on

See, it's me, I'm the one  
Believe in me, I've just begun  
We'll be here when the lights come on  
When it all comes down to  
Me and you

And I, I can remember  
Look around you now  
The people still hanging on  
And I, I can remember them  
Be it night or day like lovers left holding on

And I, I can remember  
Look around you now  
The people still hanging on  
And on and on and on and on  
Keep me holding on  
You keep me holding on
