Now we've travelled far  
But are we any nearer?  
There's a feeling we're reaching for  
In the fields where it all began

Listen do you hear?  
I thought I heard a promise  
But that empty fear, it grows  
And I'm scared that I will forget

But I, I can remember  
Look around and round  
There's people still hanging on  
See it's me, I'm the one  
Believe in me, I've just begun  
We'll be here when the lights come on  
When it all comes down to me and you

Just a boy and girl  
Trying to change a cold world  
I don't expect that you'd understand  
When you look at this empty land

But I, I can remember  
Look around and round  
There's people still hanging on  
And I, I can remember babe  
Be it night or day  
Like lovers left holding on  
See it's me, I'm the one  
Believe in me, I've just begun  
We'll be here when the lights come on  
When it all comes down to me and you

But I, I can remember  
Look around and round  
There's people still hanging on  
And I, I can remember babe  
Be it night or day  
Like lovers left holding on

But I, I can remember (backing vocals)

Look around and round  
There's people still hanging on  
An on and on and on and on  
An on and on and on and on  
An on and on and on and on  
You keep me holding on  
You keep me holding on  
Like lovers left holding on  
Like lovers left holding on
