You know there are times when you impress me
When you don't even try
You say you'd get along without me
I know that's something you deny

I know that you just want me to stay
Don't need pretending you can find your own way
Just listen to the words that I say
If you could, I'd be understood

I'd love you to love me
Yes I'd love you to love me too
Are you sharing my thoughts
Cause I'd love you to love me too

Come over here, give me a shoulder
How many times have you turned love
I've all this love here to give you
I still need some in return

I know that you just want me to stay
Don't need pretending you can find your own way
Just listen to the words that I say
If you could, I'd be understood
I'd love you to love me
Yes I'd love you to love me too
Are you sharing my thoughts
Cause I'd love you to love me too

I know that you just want me to stay
Don't need pretending you can find your own way
Just listen to the words that I say
If you could, I'd be understood

I'd love you to love me
Yes I'd love you to love me too
Are you sharing my thoughts
Cause I'd love you to love me too

I need you to need me
Yes I need you to see it through
Are you sharing my thoughts
